

KEYView™ INDUSTRIAL PANEL MOUNT COMPUTERS

10.4", 12.1", 15.0" Solutions

INDUCOMP's Innovative KEYview™ series of Panel Mount PC's offer versatility by integrating keyboard functions into the panel mount configuration. All KEYview™ configurations include resistive touch screen, performing mouse functions within the LCD area and providing keyboard functions in the surrounding perimeter keyboard area. Select one of three standard perimeter keyboard overlays, Extended keypad, Extended keypad and F-Keys or Full ABC keyboard with Extended keypad and F-keys. Choose from one of three screen sizes 10.4", 12.1" or 15.0". All panel mount configurations are constructed of steel with a rugged, sealed, stainless steel bezel. The KEYview™ offers a perfect solution for a factory floor, multimedia or OEM machine control applications.
